

Variety	*	Description	Days
Currant			
Cerise Orange		Indeterminate, tiny golden-orange cherry fruits. Heirloom, indeterminate plant produces fruit in large, profuse clusters. Similar taste to Sungold.	70
Golden Rave	Hy	A baby roma! Combining the meaty bite of a roma with the sweet taste of a grape type. Good disease resistance and a manageable determinate growth habit, this is a winner all around!	67
Little Julia		Little marble-sized red currant tomatoes, great for garnishes, salads. Well adapted to difficult growing conditions.	75
Matt's Wild Cherry	Og	Indeterminate, these small currant tomatoes have a high sugar content. From Mexico, medium yield of soft-skinned fruit. A customer favorite!	60
Red Currant	Og	Produces sweet, yet tart, tiny fruit with an intense tomato flavor. Vigorous plants yield heavily. Indeterminate.	70
Sweet Pea Currant	Og	A spectacular currant tomato! Hundreds of fruits per plant with clean tomato flavor. Do not drop off the vine. Indeterminate.	75
Grape			
Effin		Extra-early variety produces abundant, grape-sized fruit. Wonderful, sweet flavor on compact, determinate vines.	55
Golden Honey Bunch Grape	Hy	Vigorous vine produces clusters of 10 to 20 fruit. First golden grape tomato--kids will gobble these up!	75
Honey Bunch Grape	Hy	Only 30-36" tall with short, fruit-laden branches carrying clusters of 10-20 grape tomatoes. This is a "pole determinate" and produces all season. Extra early.	60
Juliet	Hy	Sweet plum grows in clusters of 12-18 deep red fruits. Delicious taste for salsa and sauce and good shelf life. Indeterminate.	60
Santa Lucia Grape	Hy	Vigorous indeterminate will grow 6' tall!. Multiple branches with clusters of 10-20 fruit. With heat the fruit decreases in size and increases in sweetness.	75
Sprite		Finally- a shorter, determinate grape tomato for small gardens. Huge numbers of refreshingly sweet oval fruit with thin, crisp skins.	60
Sugar Plum		Super sweet, rich red color, high yield, bite size 1" tomatoes in long clusters.	67
Sugar Snack	Hy	Wonderfully, extra- sweet red cherry tomatoes bear profusely in long clusters on vigorous plants. Indeterminate.	65
Cherry			
Austin's Red Pear		Extra large 2" bright red tomatoes delight the taste buds. Prolific and indeterminate.	80
Beam's Yellow Pear		1 1/2" bright yellow pear-shaped fruit just keep coming. Great taste; perfect for salads. Indeterminate.	75
Cherry Roma		Indeterminate, 1" grape-like fruit with an amazing sweet - spicy taste, great fresh or dried.	75
Dawson's Black Zebra		Stunning, perfectly round 2" fruit has deep, dark red skin with dark green and red streaks. Rich flavor with a hint of smoky sweetness. Indeterminate.	85
Fargo		Vigorous, short, determinate vine. 2" yellow pear-shaped fruit. Delicious and very sweet.	80
Golden Gem	Hy	Globe shaped small cherry tomatoes. Stunning orange color with very high sugar content and crack resistance. Indeterminate.	65
Koralik	Og	Extra-early red cherry tomato is reputed to have a better flavor than Sun Gold. New this year, you make the call.	61
Marcellino		Stays fresh up to a month after picking! These great tasting cherry tomatoes grow in abundant clusters on determinate plants. Crack resistant and heat tolerant. A super choice!	75
Sausalito Cocktail	Og	Semi-determinate plants produce heavy trusses of 1" red, round fruit. Sweet fruit with a slight tang.	68
Sugary		Deep red and super sweet, these small cherry types grow in clusters on semi indeterminate plants, meaning that the plants continue to produce on a more compact vine.	60
Sun Gold	Hy	Indeterminate, vigorous, bright orange cherry. Delicious and sweet, fruit grows in clusters. Early ripening, thin skinned fruit is Arcana's all-time favorite tomato.	57
Super Sweet 100	Hy	Early super sweet 1" cherry tomatoes. High in Vitamin C, great for salads. Indeterminate plants require staking or caging.	65
Sweet 100+	Hy	Large indeterminate, prolific cherry tomato. More crack-resistant and tastier than Sweet 100's.	70
Sweet Chelsea	Hy	Produces jumbo-sized extra sweet cherry tomatoes. Resists cracking; disease tolerant. Harvest lasts until frost. Indeterminate.	67
Sweet Million	Hy	Indeterminate, improved version of Sweet 100 boasts less cracking. Prolific producer of super sweet cherry tomatoes. Good disease resistance.	65
Thai Pink		Indeterminate, small oval deep pink fruit with slightly iridescent skin, smooth and sweet, from Thailand.	75
Yellow Pear	Og	Indeterminate, vigorous vine yields clusters of mild yellow 2" fruit. Great for salads, preserving & pickling.	78
Compact plants - garden or container			
Bush Champion	Hy	Compact plants growing only 24" tall, but yielding plenty of 8-12oz. meaty tomatoes. Excellent flavor; thrives in almost any type of climate.	70
Glacier	Og	Determinate, very early, flowering at only 4"! Produces loads of flavorful 3 oz. red tomatoes.	65
Kimberly		Early, potato leaved variety, does well in cooler temps. A nice, tasty balance of sweet and acidic flavor. Sets fruit in clusters, expect high yields. A good sound choice.	54
Red Bob's	Og	Baby beefsteak tomatoes, 2-3 inches across, grow on small compact determinate plants. Fruit is meaty and flavorful. A cute miniature version of full sized beefsteak tomatoes. Seed is very rare.	80
Red Rocket		Compact, bushy, early, determinate plant. Takes off like a rocket with loads of 8-10oz tomatoes. Fruit is flavorful with a good blend of acid and sugar.	60
Superbush	Hy	Determinate, disease resistant tomato. 18-36" tall with deep green, rich foliage and thick stems. Fruit avg. 5 oz.	80
Sweet Baby Girl	Hy	A cherry tomato that is extra flavorful and sweet on a productive but more manageable-sized plant.	65
Paste			
Amish Gold	Og	A cross between Amish paste and Sungold, pure genius! Fruit is 1-2" long with a pointed end, pretty golden color and sweetness of the Sungold with the meatiness of Amish paste. A must have for any tomato lover! Indeterminate.	80
Amish Paste	Og	Indeterminate Amish heirloom produces 8 oz oblong paste type tomatoes that are very solid and sweet.	85
Black Plum	Og	Small deep mahogany oval tomatoes are sweet and fruity. Indeterminate 6' tall plants produce a steady, large crop.	82
Corne De Bouc	Og	French heirloom, 5" long pointed fruit, great fresh or sun dried. Means 'Goat's Horn'.	85
Ernie's Plump	Og	Indeterminate, unique 'double pear' shape. This paste variety makes thick rich sauce. Also good for stuffing. Very productive plants.	70
Gilbertie Paste	Og	This heirloom paste tomato from CT has up to 7" long fruit that is solid, thick and sweet. Cooks down to sauce in moments! Indeterminate.	75
Grandma Mary's Paste		Prolific, indeterminate, heirloom plants. Red fruit are meaty and flavorful, good for sauce or eaten fresh.	70
La Roma	Hy	One of the best "Italian type" tomatoes because of vine vigor and uniformity. Large yields or 3-4 oz. fruit. Determinate plant is very prolific.	62
La Rossa	Hy	Determinate, Italian type sauce tomato, thick walled and dry interior, makes excellent fresh tasting sauces faster due to its dry interior.	78
Mama Leone		Large, pointed plum tomatoes with very few seeds make a rich, thick tomato sauce.	75
Margherita	Hy	These 5-6 oz. paste tomatoes have thin, deep red skins. They taste great, especially when roasted.	72
Martino's Roma		Rich, meaty pear-shaped paste tomatoes. Determinate, heirloom plants are very productive. Delicious for sauces or fresh.	75
Roproco Paste		One of the earliest paste tomatoes, with 2-3" fruit. High yielding, excellent quality. Compact 18-28" plants are determinate.	70
Saucy		Determinate, plum-shaped paste tomato. Productive, compact plants. Fruit has few seeds and is easy to peel. Good for canning.	68
Sausage		Indeterminate, 6" long red paste tomato. Very dense, great for canning & sauces.	78
Speckled Roman	Og	Gorgeous 3" wide x 5" long fruit with jagged orange and yellow stripes. Meaty, great tomato taste, ideal for processing. Indeterminate.	85
Striped Roman		Long pointy red fruit with orange wavy stripes, meaty flesh, and amazing flavor.	75
Tuscany	Hy	Produces mid-size, firm, deep red plum fruit. Dense structure, rich flavor. One of the best for salsa and sauce. Determinate.	75
Viva Italia	Hy	Italian paste type, deep red oval tomatoes with very solid flesh. High sugar content, great for fresh eating or canning.	75
Slicers - Early			
Bloody Butcher		Very early and high yielding. Great full tomato flavor and exceptional dark red color. Average size is 4 oz. Indeterminate.	65
Bonny's Best Improved	Og	Early producer that does well in the north. Smooth, solid, bright red fruits grow in clusters. Indeterminate.	66
Cluster Grande	Hy	5 oz. red fruit borne in clusters. Firm texture and strong tomato flavor. Not too sweet; not too acidic. Disease resistant; high yields. Indeterminate.	63
Crimson Sprinter	Og	Flavorful, medium sized, red tomato. Vigorous plants that tolerate cooler temps.	65
Dafel		6-7 oz. smooth, red globes, not a big fruit, but huge when it comes to flavor.	68
Dona	Og	Indeterminate, early tomato, flattened shape. Disease resistant, indeterminate. Thin-skinned, French variety with a wonderful sweet-acid flavor.	65
Early Girl	Hy	One of the earliest slicing varieties. Reliable, durable producer. Fruit is bright crimson, 4 to 6 oz., with a firm texture and good flavor. Indeterminate.	54
Earliana	Og	Early salad tomato with high disease resistance. Does well in cooler regions, produces until frost.	68
Early Wonder		Extra early, compact plants have round, deep pink 6 oz. fruit.	55
